NOUVEAU ARRIVAL

UNCATEGORIZED

Nestled in the heart of Borivali lies Rivali Park – a sprawling 22-acre property that epitomises the co-existence of mankind and nature. Located right across the 25,000 acre of green expanse of Sanjay Gandhi National Park, Rivali offers a range of 1.5 BHK, 2BHK and 3 BHK flats.

Each apartment in Whitespring and Wintergreen (the two buildings) are built lavishly, keeping in mind a luxurious and aspirational lifestyle. Rivali Park is recipient of the prestigious IGBC (Indian Green Building Council) certification. While Whitespring has received IGBC Platinum Certification, Wintergreen has IGBC Gold Pre-Certification. Furthermore, both are located at a convenient spot for office-goers and shoppers.

They are not only situated adjacent to the proposed Magathane Metro station on the Western Express Highway, but is also about two kilometers from Borivali railway station. The international and domestic airports are located merely thirty minutes away.

Popular business hubs of Mindspace, MIDC and SEEPZ are also situated just thirty minutes from the project. Shoppers and diners will be delighted to revel in retail outlets and myriad restaurants at Metro and Raghuleela malls. Movie buffs can enjoy watching ample films in the nearby Carnival Cinemas.
